Hunter Communications Appoints Nick Connor as Chief Financial Officer

*Seasoned Telecom Leader to Guide Financial Strategy
and Support Continued Expansion*

Medford, Ore., April 8, 2026 – Hunter Communications today announced the appointment of Nick Connor as Chief Financial Officer.

Mr. Connor is a seasoned financial and operational strategist with more than 13 years of experience driving growth within the telecommunications and broadband industries. In his new role, he will oversee the company's financial strategy, capital planning, and growth initiatives as Hunter Communications continues to expand its fiber network and service offerings.

"Nick brings a strong combination of industry expertise and financial leadership," said Michael Wynschenk, CEO, Hunter Communications. "His experience with market expansion planning, construction, and sales strategy will be instrumental as we continue to scale our operations and invest in the communities we serve."

"I'm incredibly honored to join Hunter Communications as Chief Financial Officer at a pivotal moment in the Company's history," said Connor. "The team has a rich history of providing exceptional services to its customers, and I'm excited at the opportunity to join Michael and team to continue that legacy bringing the best fiber internet to residents and businesses in Oregon."

Prior to joining Hunter Communications, Mr. Connor held multiple leadership roles at WOW! Internet, TV, and Phone, where he led teams across Finance, Treasury, Corporate Development, Operations, and Sales Strategy.

Mr. Connor began his career at Ernst & Young and is a Certified Public Accountant. He holds a Bachelor of Science in Business from the University of Colorado Boulder.

About Hunter Communications

Hunter Communications is headquartered in Medford, Oregon, where the company has established a legacy of service excellence and commitment to local communities. With multi-gig speeds, no data caps, competitive pricing, and customer service representatives who genuinely care, Hunter's 3,000-plus mile fiber network is nationally recognized for performance and reliability.
